### Sample MP communication

Dear [MP's name],

Thank you for serving our community in Parliament.

I'm writing to ask you to support Bill S-263 when it comes to the House of Commons.

Human trafficking is a severe violation of human rights and a complex crime.

The current national strategy expires in 2024. There was a gap between the last national strategy ending and the current one beginning. It's essential to have consistent support and resources for survivors, prevention efforts and enforcement.

Bill S-263 would require that Canada maintain and update its national strategy to combat trafficking, making it permanent. A national strategy is an essential tool to combat trafficking and support survivors.

Canada needs a permanent, national response to combat trafficking. Please support Bill S-263.

Sincerely,
