Dear Mr./Ms. [MP last name],

I am one of your constituents in the riding of [name of riding]. Thank you for your work on behalf of our community.

I am writing today to ask you to support private member's Bill C-277, which would establish a national palliative care framework.

I believe palliative care is a compassionate way to support people who are suffering or at the end of their lives. It recognizes the inherent dignity in each person's life.

Palliative care is so important, and yet is available to so few Canadians. This bill would help to ensure consistent and accessible palliative and home care for all Canadians.

Please let me know what steps you are taking to increase the availability of palliative care in Canada, and whether you will support Bill C-277.

Sincerely,
